

rethink the possibilities™

**Central™**  
Semiconductor Corp.

over 44 years of innovative excellence

# Don't stress

## Central has your custom solution.

When designers can't find discrete semiconductors that can solve their problems, they turn to Central for the custom solutions they need. Central's robust services and capabilities offering is continuously expanding.

- Custom device configurations
  - Custom wafer metallization/diffusion
    - Multi-Discrete Modules™ combining multiple devices
    - Super Industrial™ solutions for extreme environments
